Hereinafter referred to as Supplier

1. **SUBJECT**
This Contract is based on a small-scale procurement related to the procurement of the City of Tampere's Historical Museums.

The subject matter in this Contract is a facial reconstruction of Karin Månsdotter, the Queen consort of Sweden, commissioned by Tampere Historical Museums (Museum Centre Vapriikki) for an upcoming temporary exhibition, in accordance with the terms and conditions of this Contract.

The subject matter is a three-dimensional forensic facial reconstruction of Karin Månsdotter's head, which will be created on a 3D-printed replica of the original skull, together with skin-pigmented silicone hands. The completed reconstruction will be cast in skin-pigmented silicone and fitted with real human hair to achieve a highly realistic appearance.

To create a facial reconstruction, a scan of the original skull is required to generate a digital 3D model. This model serves as the basis to produce a 3D-printed replica, which is then used in the reconstruction process. The facial reconstruction work can commence once the skull replica has been produced and the osteological analyses and any DNA examinations have been completed. Provided these prerequisites are met, the reconstruction can be completed and delivered to Vapriikki no later than 30 September 2028.

All specifications related to the facial reconstruction, including the estimated age of the individual, must be discussed and agreed upon with the Customer in advance. The facial reconstruction and hands must be compatible with and attachable to a torso purchased by the Customer.

The order also includes the photographic documentation, consisting of approximately 25 step-by-step images as well as documentation of the work throughout the course of the project.

For the purposes of this Contract, "Goods" means the Goods specified herein.

2. **CONTRACT PERIOD**

This Contract shall enter into force upon signature and shall remain valid until the Goods have been delivered and accepted.

The reconstruction must be completed and delivered to Vapriikki no later than 30 September 2028.

3. **COST AND TERMS OF PAYMENT**

The Customer shall pay the Supplier in accordance with the pricing contained in the Supplier's quotation as follows: the cost of the reconstruction is EUR 14 999 (VAT excluded).

The price does not include VAT. The price shall remain fixed throughout the Contract period.

The price includes a three-dimensional forensic facial reconstruction of Karin Månsdotter on a 3D-printed replica of the original skull. The completed reconstruction will be cast in skin-pigmented silicone and fitted with real human hair to achieve a highly realistic appearance. Skin-pigmented silicone hands are included in the price. The price also includes a photographic documentation, consisting of approximately 25 step-by-step images as well as documentation of the work throughout the course of the project.

Clothing, jewellery, and any other accessories are not included in the price. Also, the costs associated with scanning, digital modelling, and 3D printing are not included in the price.

The price includes all costs arising from the supply of the Goods and any associated services. The price also includes all delivery costs.

The Supplier is entitled to invoice the agreed payment when the Goods have been delivered in accordance with the Contract and accepted by the Customer. The payment terms for the Supplier´s invoice shall be twenty-one (21) days net from receipt of the invoice.

E-invoicing address:
City of Tampere, Education and Culture Services, Historical Museums, Museum Centre Vapriikki
Alaverstaanraitti 5
33100 Tampere
Finland
VAT FI02116752
P.O. Box 5014
FI-02066 DOCUSCAN
OVT: 0037021167521370
E-invoice operator: Telia/CGI
Operator ID: 003703575029

Net period: 21 days.
The invoice must include the following reference: KP 137261 / 29055 Maj Meriluoto

For any questions regarding billing, please contact Maj Meriluoto, maj.meriluoto@tampere.fi.

4. **TERMS OF DELIVERY**
Delivery: The Goods must be delivered no later than 30 September 2028.
Delivery term: Delivered Duty Paid to Point of Delivery (TOP)
Delivery address: Museum Centre Vapriikki, Alaverstaanraitti 5, 33100 Tampere, FINLAND.

Transportation shall be insured at the Supplier's expense. No separate charges for pallets or roll cages shall be accepted.

5. **WARRANTY**
The warranty period shall be 12 months.

The warranty period shall commence on the date when the Goods are delivered to the Customer. However, if the Customer identifies a defect during the receipt inspection, the warranty period shall commence only after the Supplier has corrected the defect.

6. **PUBLICATION RIGHTS**
The Customer reserves the right to use the reconstruction in any manner it chooses in the exhibition, in the exhibition's marketing materials (including social media), and in scholarly, popular and

other publications related to the research project concerning the exhibition and/or Karin Månsdotter.

After the exhibition, the Customer reserves the right to use the reconstruction in any manner it chooses, including loaning it, selling it, or adding it to its collections.

The Supplier shall not publish any images or other information of the reconstruction before the opening of the exhibition in 2029 without the Customer's prior written consent.

7. **TERMINATION OF THE CONTRACT, DELAY AND FORCE MAJEURE**

If either of the Parties decides to terminate this Contract in advance and unilaterally for reasons not related to the other Party's failure to fulfil its obligations, nor to a force majeure event, this termination must be done by registered letter, observing a term of notice of 90 days. The terminating Party will incur a penalty fee of 20% of the final cost.

If either of the Parties fails to respect its important obligations as laid out in the present Contract, this Contract may be terminated by the other Party, only if:

- the defaulting Party has not remedied its default within 30 days from the sending of a registered letter by the other Party that explains the nature of the default and the intention to terminate the Contract if the default is not remedied within the given period, without prejudice to either of the Parties' rights to seek compensation.
- the other Party is declared bankrupt, or an interim receiver of its assets is appointed, or
- the other Party goes into liquidation (except for the sole purpose of a merger or a reconstruction, while remaining solvent) or an administrative receiver is appointed, or an administration order is made in respect of it.

Force majeure

Performance of the obligations of each Party under this Contract will be suspended by the occurrence of an event constituting a case of force majeure and the Parties cannot be held liable if the default results from the occurrence of an event or incident that is in no way under their control, if such event or incident renders partial or complete performance of this Contract.

The following events or incidents will be considered force majeure:

- Unforeseeable loss of the Goods (fire, flood, etc.)
- War, civil war or acts of terrorism, fire, storms or floods, epidemics, earthquakes, nuclear or chemical accidents including radiation.

Should such a case of force majeure prevent either Party from fulfilling all or part of its obligations, the Parties will no longer be required to perform any of their obligations, without those already performed being impaired.

8. **MODIFICATIONS**

Any modification to this Contract is valid only if the modification is made in writing and duly signed by both Parties.

9. **DISPUTES AND GOVERNING LAW**

Any issues related to this Contract shall primarily be resolved through mutual negotiations. If a dispute cannot be resolved through negotiations, all disputes regarding the interpretation or application of this Contract shall be resolved by the District Court of Pirkanmaa (Tampere, Finland) as the court of first instance.

This Contract shall be governed by the laws of Finland.

10. **SIGNATURES**

This Contract has been executed in English, and each Party has received an identical copy of the Contract. On behalf of the City of Tampere, the Contract is signed by Director of Museum Services, Ms. Heidi Gottskalk, and on behalf of the Supplier by Mr. Oscar Nilsson.
