## Objectives and activity plan

### Objectives

The following is the list of your objectives and your estimated yearly activity targets. Please consider these objectives carefully when requesting your activities in the next section. Above all, you should make sure that the activities you request can contribute to achieving your objectives - this will be one of the key measures for evaluating your activities once they are finished.

**Objective 1 :** Se, että kansainvälisiä mahdollisuuksia tarjotaan ja kohdistetaan muita heikommassa asemassa oleville nuorille, antaa heille paitsi ainutlaatuisia kokemuksia ja oppimisen paikkoja, on osaltaan vahvistava tekijä nuorten osallisuuden kokemisessa. Useille tähän kohderyhmään kuuluville nuorille esimerkiksi nuorisopalveluiden ja Erasmus+-ohjelman kautta tehtävät nuorisovaihdot ovat nuoren ensimmäinen kerta ulkomailla. Erasmus+ mahdollistaa sen, että nuori ylittää pääsee osallistumaan ja että hänellä on saatavilla kaikki mahdollinen tuki oli se sitten rahallinen, nuoriso-ohjaajan tuki tai muu vastaava, jolloin osallistumiskynnys on mahdollisimman matala.

**Objective 2 :** Kansainvälisten koulutusten ja opintomatkojen tavoitteena on vahvistaa työntekijöiden osaamista koulutuksen teemasta ja samalla henkilöstön valmiutta toteuttaa kansainvälisiä hankkeita nuorten kanssa. Koulutukseen osallistumisesta tulee seurata hyötyä oman työn kehittämiseksi ja tamperelaisille nuorille. Tavoite on suoraan linkittynyt työntekijöiden toiveisiin ja tarpeisiin osaamisen kehittämiseen kansainvälisten toimintojen avulla. Kansainvälinen osaaminen on nykypäivää ja näkyy yhteiskunnassa joka osa-alueella. Kansainvälisen liikkuvuuden hankkeista osallistujat saavat uusia ideoita työnsä kehittämiseksi, mahdollisuuden verkostoitua, oppia uutta ja avartaa ajatteluaan, sekä parhaimmillaan uutta puhtia työhön. Kun työntekijät itse kokevat Erasmus+-ohjelman mahdollisuudet, on heidän helppo levittää oppia eteenpäin nuorille ja kannustaa heitä osallistumaan.

### Activity plan

The following table shows your estimated yearly targets for number of activities and participants as indicated in your accreditation.

Year	Learner mobility		Staff mobility	
	Number of activities	Number of participants	Number of activities	Number of participants

2026	2	50		
2027	2	50

## Activities

In this section, you are requested to enter information on the activities you intend to implement in the frame of this budget request.

How does the budget request work?

Based on the information provided in this section, a budget will be generated using a system of average costs. At final report level, your final grant will be calculated based on the exact flows of participants and associated unit costs as defined in the Programme Guide.

The figures that you provide in the first table below will also serve as your targets for implementation. If the National Agency is not able to provide funding for all of your requested activities and/or participants, the targets included in your grant agreement will be adjusted accordingly. At the end of the grant agreement, your results will be evaluated based on the agreed target figures. For this reason, it is important to make the most realistic request possible, rather than the most ambitious one. During implementation, the actual number of participants and duration of activities may vary, but the system will allow reasonable adjustments. You should always be able to explain your choices in relation to your objectives.

Please complete the following table with the required information for each activity you intend to implement. An activity is defined by the same location, the same time frame and the same scope.

Please refer to the description below when assigning policy priorities to your activities. The policy priorities are fully described in the Programme Guide and the budget allocation documentation published on the website of your National Agency.

Inclusion & Diversity	The activity will have an inclusive approach, making access possible to a diverse range of participants.
Virtual components and/or digital technology	The activity will integrate the use of digital tools and learning methods to complement the physical mobility activities or to improve quality.
Project green practices	The activity will be designed in an environmentally friendly way and promote environmentally sustainable and responsible behaviour among its participants.
Participation in democratic life	The activity will promote youth participation in democratic life, support social and civic engagement and will aim to ensure that all young people have the necessary resources to take part in society.
EU youth goals	The activity will tackle one or more of the EU Youth Goals. If applicable, please consult the documentation published by your National Agency for further details.

Have you, at this stage, identified the need of any specific additional funding such as Exceptional costs for expensive travel, visas, financial guarantee, or Inclusion support for participants etc.? If this is the case, please fill in the table below.

As opposed to standardised unit costs applicable for other types of costs, these budget categories are funded based on actual expenses. These non-standard costs require specific description and justification in order to be approved. Before making a request, please read the funding rules in the Programme Guide to make sure the type of expense you are requesting is eligible.

If additional needs arise at a later stage, for example if you decide to involve more participants with fewer opportunities or if you need to cover costs that could not be estimated at this stage, you will be able to request additional funding during implementation.

In this section you may also request costs for System development and outreach activities.

In this section you may request Exceptional costs and Inclusion support for participants. As opposed to standardised unit costs applicable for other types of costs, these budget categories are funded based on actual expenses. These non-standard costs require specific description and justification in order to be approved. Before making a request, please read the funding rules in the Programme Guide to make sure the type of expense you are requesting is eligible.

## Virtual learning/Blended activities and use of virtual components

Do you foresee Virtual/Blended activities and/or the use of any virtual component, before, during or after the activity?

No

## Participant contribution and fees

If used, the size of the participants' contributions must remain proportional to the grant awarded for the implementation of the activity, must be clearly justified, collected on a non-profit basis, and may not create unfair barriers to participation (especially concerning participants with fewer opportunities). Additional fees or other participant contributions cannot be collected by other service providers chosen by the beneficiary organisation. **(Erasmus Youth Quality Standards)**

Are you planning to charge participation fees ?

No

Within the scope of application of the Treaties and without prejudice to any of their specific provisions, any discrimination on grounds of nationality shall be prohibited.
